

**CLERGY WITH SUBSTANTIATED ALLEGATIONS  
OF SEXUAL ABUSE OF A MINOR OR VULNERABLE ADULT**

The following list of clergy has been prepared in hope that it will further facilitate healing and closure for those who have been affected by sexual abuse. None of these clerics are in ministry. The determination of a substantiated allegation is the outcome of the diocesan review process and not to be interpreted as a legal judgement. Additional information can be obtained through a variety of publicly available sources such as court records, news reports and internet searches.

In a report released by the Illinois Attorney General on May 23, 2023, regarding clergy sexual abuse against minors, the Attorney General questioned the status of several religious order priests and brothers who ministered within the Diocese of Joliet at one time but for whom the bishops have no authority. In response to that inquiry, the Diocese of Joliet has established that: (1) some of the names of order priests were in fact already listed on the Diocesan public list in the section entitled “Religious Order Priests or Extern Priests, Who Were Assigned and/or Resided Within the Geographical Boundaries of the Diocese of Joliet, with Substantiated Allegations”; (2) certain religious orders have recently contacted the Diocese with names of clergy with substantiated allegations from their lists and the Diocese has updated its list accordingly; and (3) some names of order clergy were reconfirmed as lacking substantiated allegations of sexual abuse and were properly excluded.

The Diocese of Joliet will continue, as it has for 17 years, to update its public list with clergy who have a substantiated allegation of sexual abuse of a minor. Updates will occur as soon as allegations of sexual abuse of a minor by diocesan clergy are substantiated, or as religious orders and/or the home diocese(s) of an extern priest(s) inform the Diocese of substantiated allegations against its religious order or extern clergy. In addition to its efforts to disclose past misconduct, the Diocese will continue its diligent and effective initiatives to educate and prevent all sexual abuse of minors and vulnerable individuals.

This list was first published 4/9/2006. Most recent revision is 7/19/2023.
